About MITACSC

With a vision to develop an excellent ambience for academics and research conjugated with a vibrant environment to meet the challenges of the fiercely competitive world, the founder of MIT group Prof. (Dr.) Vishwanath Karad took initiative to impart quality education with easy access to the young generation in rural area and the mission for excellence in education started under the name of MIT Arts, Commerce and Science College, Alandi(D), Pune, in 2007 under the aegis of Maharashtra Academy of Engineering and Educational Research (MAEER) Pune, affiliated to Savitribai Phule Pune University and recognized by the Government of Maharashtra.

With this great heritage, the college also endeavors to delegate knowledge in a peaceful environment by committed, passionate, dedicated, innovative and experienced faculty through active learning, field visits, experts' guidance, training programs, research guidance and support, and continuous assessment. The efforts are made to create a world-class infrastructure with latest technological advancements.

MIT ACSC has an excellent reputation as a leader & pioneer in spreading education to wide community with it's rich academic and cultural heritage which contributes in developing noble citizen to the society. It has committed to engage alumni, students, faculties and other stakeholders collectively to achieve the educational goals.

The college offers undergraduate and postgraduate programs- Bachelor of Arts, Bachelor of Commerce, Bachelor of Business Administration, Bachelor of Business Administration-International Business, Bachelor of Administration- Computer Application, Bachelor of Science, Bachelor of Science-Computer Science, and Master of Science-Computer Science.

The college recurrently organizes curricular, co-curricular and extra-curricular activities for the holistic development of the students. The advanced resources, facilities and special guidance programs are made available to succeed in competition, to

gain deep knowledge, to develop employability potentials and to meet with industrial requirements. The college also provides the best placement opportunities to the students.

About The Workshop:

The present workshop aims at creating a platform for academicians and researchers to acquaint them with the 'Use of ICT Tools in Education'. It focuses on multiple powerful technologies with hands on training for effective teaching and learning process Thus, with sharing of expertise by industry experts and academicians, the workshop will help in gaining new insights into recent advances in technology and their uses in teaching learning process.

Topics to be covered in Workshop:

1. Google Tools
2. Advanced Excel and Power point
3. Video Scribe
4. Blogging in Teaching
5. LMS – Moodle
6. Plagiarism – Tools

Objectives of the workshop

- * To make the participants aware about the various technological developments and their usage in effective teaching.
- * To narrow down the gap between ICT and academics.
- * To gain practical experience in different technologies which are used in teaching.
