### Amendment

From the academic year 2015-16 the Competitive Examination Committee adopted the policy. The aim of the policy was to organize special training program in association with external agencies to prepare the students for various competitive examinations. It was planned to organize such training programs on demand by the students. In this regard MoU was signed with Vijeta Academy in the academic year 2017-18. But it was found that the fees for such training program is not affordable to the students so the committee decided to provide guidance and training for the preparation of various competitive examination by in house faculty. The same will be implemented from the academic year 2019-20.
