A Report of 'Certificate course in Share Market Trading'

Date: 08/10/2018

A 'Certificate Course in Share Market Trading' was conducted by Department of Business Administration and International Business, MIT ACSC, Alandi for the students interested in stock markets operations.

The duration of the course was of 30 hours (10 hours Theory + 20 hours Practical) where the concepts related to stock market and actual working of market was the part of syllabi. In support to this course the practical of online trading was given to participants with virtual online trading platform. Students were also given the information about NCFM certificate modules.

Following topics/points were covered during the bridge course:

Markets and Financial Instruments

1. Types of Markets: Equity, Debt, Derivatives, Commodities
2. Meaning and features of private, public companies
3. Types of investment avenues

Primary Market

1. Initial Public Offer (IPO)
2. Book Building through Online IPO
3. Eligibility to issue securities
4. Pricing of Issues
5. Fixed versus Book Building issues
6. Allotment of Shares
7. Basis of Allotment

8. Private Placement.

Secondary Market

1. Role and functions of Securities and Exchange Board of India (SEBI)
2. Depositories
3. Stock exchanges
4. Intermediaries in the Indian stock market
5. Listing
6. Membership
7. Trading
8. Clearing and settlement and risk management
9. Investor protection fund (IPF)and Do's and Don'ts for investors
10. Equity and debt investment.

Derivatives

1. Types of derivatives;
2. Commodity and commodity exchanges;
3. Commodity versus financial derivatives.

Financial Statement Analysis

1. Balance sheet
2. Profit & loss account
3. Stock market related ratios
4. Simple analysis before investing in the share
5. Understanding annual report
6. Director's report etc.

Period of the course:

The course was conducted from 30th August, 2018 to 1st October, 2018.

The sessions of the course were delivered by:

1. Prof. Amol Mane, HoD, BBA and BBA (IB) Dept. and
2. Prof. Deepak Sahoo, Asst. Professor, Dept. of Commerce.

Total 34 students had registered and completed the course successfully.

The valedictory function was organized on 8th October, 2018 in which participants were given Certificates of Excellence.

This course was coordinated by Prof. Amol Mane, Head, BBA and BBA (IB) Dept. under the guidance of Principal, Prof. Dr. B. B. Waphare.

Outcome of the course:

1. The students learned basic concepts related to share market.
2. The students learned practically how to trade in share market.
3. The students are able to clear NCFM exam conducted by National Stock Exchange.

REVIEW REPORT

As per the request from Department of Electronic Science, MIT Art's, Commerce and Science College, Alandi (D), Pune to review the syllabus designed by faculties of Department of Electronic Science.

The syllabus designed for the Add-On Course in "MATLAB Programming and its applications in Electronics" is looking good. I went through the draft of syllabus. In your draft of syllabus many electronic related simulation are included. As you mentioned that add-on course is for second B.Sc and BCA students. I just want to give you some suggestion.

The following are the suggestion for Add-On Course in "MATLAB Programming and its applications in Electronics"

- Remove the part of mathematical analysis using MATLAB.
- Managing the Workspace, Getting Help add as sub point in unit 1.
- Adding titles, axis labels, and annotations add in unit 2.
- Specifying line styles and colors add in unit 2.
- Program for Diode Characteristics add in unit 4.
- Program for communication like ASK, FSK, PSK and BPSK add in unit 4.

Thanking you,
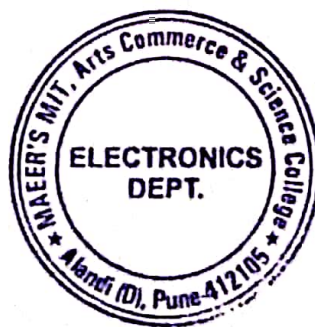

Dr. Sachin Chavan
Vice Principal,
G H Raisoni College,

REVIEW REPORT

As per the request from HOD of Department of Electronic Science, MIT Art's, Commerce and Science College, Alandi (D), Pune to review the syllabus designed by faculties of Department of Electronic Science.

I went through the draft of syllabus provided from you. The add-on course of "MATLAB Programming and its applications in Electronics" is help students to do the career in field of electronic and computer science. The designed syllabus is excellent. But as you mentioned that add-on course is for second B.Sc and BCA students. Recent trend of MATLAB is to solve mathematical problem using software. Image processing is one of the areas where MATLAB is used. This syllabus is only relates with basic introduction of MATLAB and electronic related simulation. My suggestion is to add Image Processing chapter at the end. Here I will suggest sub points please go through this.

The following are the suggestion for Add-On Course in "MATLAB Programming and its applications in Electronics"

Image Processing

1. Image types
2. Importing and exporting images
3. Displaying images
4. Finding image characteristics
5. Converting Image Formats
6. Applying image enhancement techniques
7. Adjusting Image intensity
8. Image Enhancement
9. Image filtering

Thanking you,

Add On Course "Python Programming"

Report

Academic Year 2018-19

Objective: The course is designed to provide Basic knowledge of Python. Python programming is intended for software engineers, system analysts, program managers and user support personnel who wish to learn the Python programming language.

Learning Outcomes:

1. Problem solving and programming capability.
2. Create a software application using the Python programming language.
3. Adapt and combine standard algorithms to solve a given problem (includes numerical as well as non-numerical algorithms)
4. Use standard programming constructs for implementation of Games.

Department of Computer Science organized Add On Course on **"Python Programming"**. The objective of this course was to provide basic knowledge of python programming to the student which was other than their syllabus. The duration of the course was from 22nd Oct 2018 to 19th Nov 2018 duration was of 50 hrs. Total 40 students were enrolled for this course. The course was conducted by using LMS MOODLE.
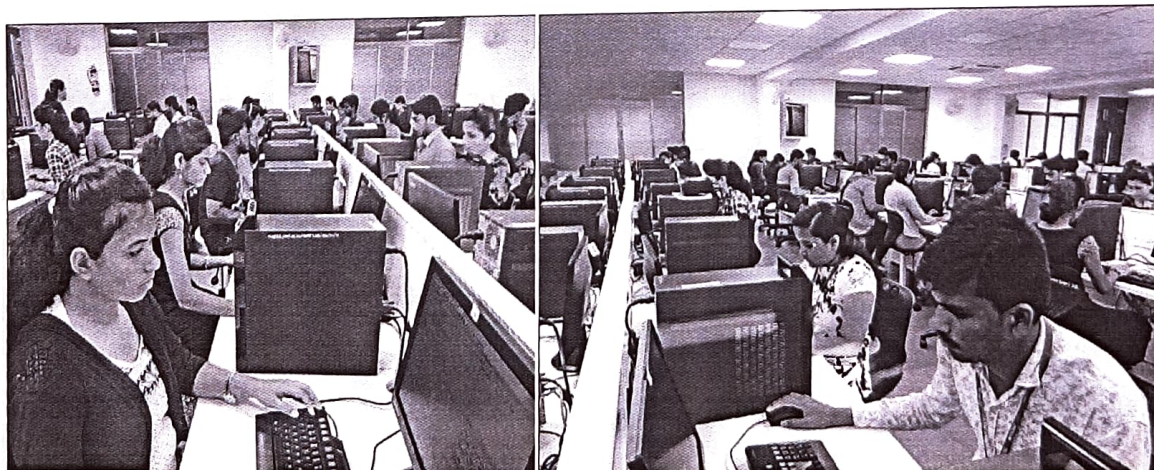

Students attending course and quiz

During the course one guest lecture was organized on topic **"Pandas Libraries"** by speaker Mrs. Mithun Thakkar, Software Engineer at Technical Lead, Entercoms Solution Pvt. Ltd. Pune. He explained about the powerfulness of Panda's Library and comparison of Panda's with Java and database. He explained about how Pandas Library are useful in Machine Learning,

Sentiment Analysis, forecasting time series and fault analysis. The students were benefitted by the guest lecture.

Guest Lecture on "Pandas Libraries"

At some stage of the course two quiz were conducted to test the knowledge of students with Game Quiz. For every chapter practical assignments were allotted to the students. Final practical examination was taken which was for 1.5 hr consisting of five questions. This exam was conducted in the form of competition from which three winners were declared which was:

1st topper: Prajakta Deshmukh (T.Y.B.Sc(CS) Div 'D')

2nd topper: Nikhil Handawale (S.Y.B.Sc(CS))

3rd topper: Suraj Kakade(T.Y.B.Sc(CS) Div 'D') & Mayuri Chaudhari (T.Y.B.Sc(CS) Div 'F')
Consolation: Shanajawaz Mansuri(T.Y.B.Sc(CS) Div 'D') &
   Supriya Shinde (T.Y.B.Sc(CS) Div 'D')
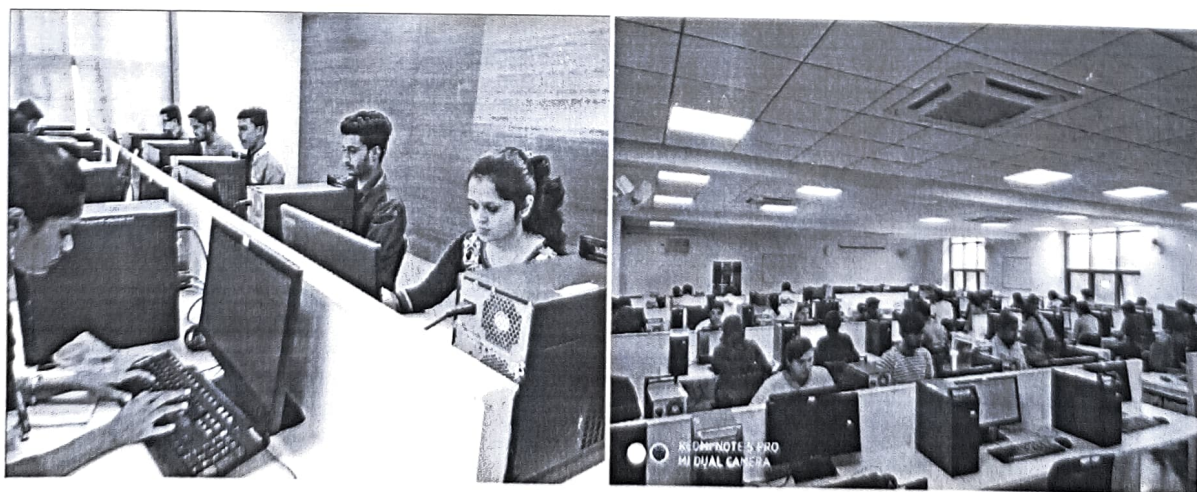

Students performing practical exam
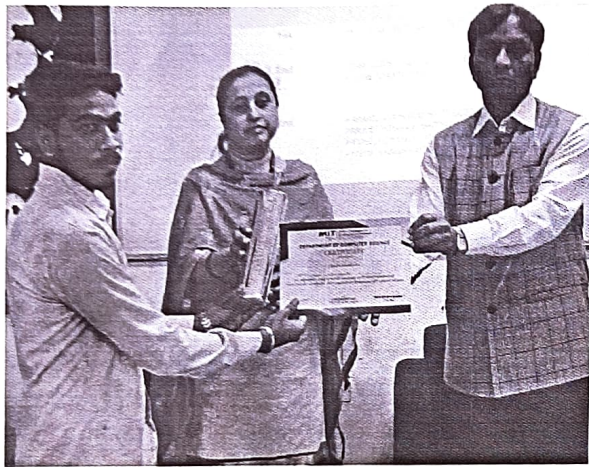

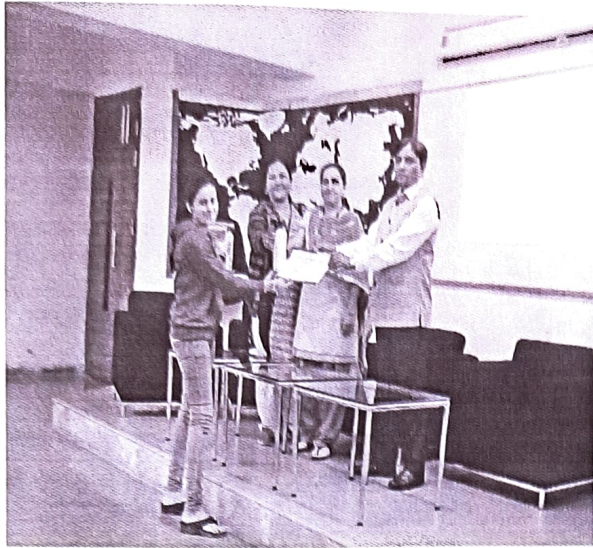

Glimpses of Certificate Distribution

At the last, prize and certificate distribution was organized in which prizes were given to the quiz toppers and practical exam toppers. In this way the course was conducted fruitfully by increasing programming capability and problem solving of programming for students.

A Report of 'Certificate Course in German Language (A1 Level)'

Date: 28/03/2019

A Certificate Course in German Language (A1 Level) was organized jointly by MIT Arts Commerce and Science College, Alandi (D), Pune and Mighty Institute, Pune. The duration of the course was of 70 hours. The course was conducted from 14th January, 2019 to 18th March, 2019.

MIT ACSC, Alandi decided to conduct the Certificate Course in German Language to students because German (*Deutsch*) is the most widely spoken mother tongue in Europe. It is the official language of Germany, Austria, Switzerland, Liechtenstein, Belgium and Luxembourg. There are sizable German-speaking populations in North Italy, Poland, Hungary, Denmark, Bosnia and Herzegovina, Namibia, Russia, Romania, Czech Republic, and other parts of Europe. Career is one of the most important motivators for foreign language learning. Germany is the Europe's largest economy, fourth-largest by nominal GDP in the world, the world's second-largest exporter, which makes it a very important language to study.

The basic objective behind this course was to give basic knowledge and create awareness and importance related to German as a foreign language so that, student can read, write and communicate in German language.

Mrs. Swati Bawa, Director, Mighty Institute, Pune conducted the course and guided the students. Total 11 students enrolled and completed the course. The overall feedback of students was excellent. Certificates were given to the students at the end of the course.

Career Opportunities through German as a Foreign Language

Fluency in the German language has opened up job opportunities in the field of Management, Medicine and healthcare, education, logistics, automobile, power and utility, mass media, entertainment, tourism, information technology, Financial services, outsourcing, etc. Several International companies that have set up their business in India are looking for those who are
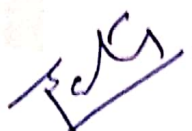

fluent in this language in India. It increases job opportunities with German and foreign companies in India and abroad.
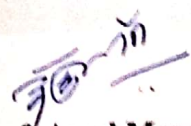

Job opportunities are available for the students in the following fields:
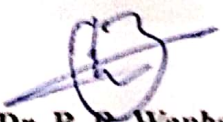

1. Translator
2. Interpreter
3. BPO
4. Tourism Industry
5. Teaching
6. Literary Translations

- **Outcome of the Course:**

1) Students learned basics of German Language.
2) The students could read, write and speak in German language.
3) Students shown interest in learning advanced level of German Language in future to enhance career opportunities.
4) Students are able to clear A1 Level exam conducted by Goethe Institute, Max Meuller Bhavan, Pune.

Number of Participants: 60 students

Charge per student: Rs.50/-

Organized by: Department of Computer Science

Course Contents:

1. Introduction to Programming
2. Data types
3. Programming Structure
4. Summarizing the concept learnt in C and CPP
5. Trace the output/ Find the output
6. Practice session (More than 300 Examples)

Objective of course:

- To familiarize student with procedure oriented and object oriented programming languages.

- To provide programming perspectives of C and CPP languages.
- To develop skills for writing programs using 'C'.
- To understand issues related to compilation and execution of programs.
- To develop problem solving abilities using a computer.
- To horn over all technical skill in students.

Outcomes of course:

At the end of the course, student will be able to:

- Appear for the interview and test in companies.
- Solve objective as well as descriptive programming problems more efficiently.
- Develop problem solving abilities using a computer.
- Build-up a successful career in Computer Science.

REPORT
ON
Technical Skills Development Program
("C & CPP Programming" AND "HTML and CSS")

The computer science department has conducted two Technical Skills Development Program ("C & CPP Programming" AND "HTML and CSS") for horning the technical skill in C and C++ programming as well as HTML and CSS among SY.B.Sc. (Computer Science) students from dated: 25/06/2018 to 07/07/2018 for duration of 15 days. The initiative behind conducting this course was to make student more proficient in using C and CPP like programming language so that they can confidently appear for the placement in companies and HTML and CSS as programming and markup languages that are used to create web applications. The objective behind conducting the program to:

- Teach students the essential skills to create an interactive web application using HTML5, JavaScript CSS, and CSS3.
- Make students aware about the basic tasks that are necessary to create web applications.
- Give hands-on labs that enable the learner to build basic HTML pages.
- Familiarize student with procedure oriented and object oriented programming languages.
- Provide programming perspectives of C and CPP languages.
- Develop skills for writing programs using 'C' and problem solving abilities using a computer.
- Understand issues related to compilation and execution of programs.
- Horn over all technical skill in students.
- Build-up a successful career in Computer Science.

Following faculty members participated in the content delivery of course:

1. Savita Vivek Mohurle
2. Kirti Daradi
3. Dr. Richa Purohit
4. Vaishali Kherdekar
5. Manisha Patil
6. Swapna Kulkarni
7. Shital Ghotekar
8. Avinash Choure
9. Mandar Parale
10. Sangita Borde

At the end of the program students gained knowledge about programming languages, develop skills in HTML, scripting language, CSS and create their own application. Total 51 students participated in program. An objective test on C and CPP was conducted and winner were declared. Following are the winners:

Name of Winner	Class	Prize
Shreya Raikar	S.Y.B.Sc. (CS) Div F	First
Himanshu Patel	S.Y.B.Sc. (CS) Div F	
Siddhant Gawade	S.Y.B.Sc. (CS) Div F	Second
Prathamesh Chaugule	S.Y.B.Sc. (CS) Div F	
Aniket Shitole	S.Y.B.Sc. (CS) Div F	Third
Omkar Patil	S.Y.B.Sc. (CS) Div F	

The Co-odinator of the program were Savita Vivek Mohurle and Kirti Daradi of Department of Computer Science.

COURSE PROPOSAL

Course name: Programming in 'C': Learn with Fun

Introduction: In today's scenario technical and programming skill are very essential for students. To horn programming skills in 'C' for the students of FY B.Sc (Plain) and SY B.Sc (Plain), we propose add-on course in "Programming in 'C' : Learn with Fun". This course provides hands on training on 'C' programming language, with fun based interactive exercises and evaluation techniques.

Proposed Dates: 03/12/2018 to 15/12/2018

Duration: 15 days (2 hours per day)

Location: Lab 1, 2, 3

Target group: Students of FY BSc (Plain) ,SY BSc (Plain)

Number of Participants: 60 participants

Charge per student: Rs. 200/-

Organized by: Department of Computer Science

Contents:
- Introduction to C programming
- C tokens
- Conditional Statement
- Loop Statements
- Arrays
- Structures

Objective of Program:
- Learn the essential of programming language
- To learn how to write computer program using decision making and iterative statements of programming.

Outcomes of Program:
At the end of the program, participant will be able to:
- Solve problems using Computers and C programming.
- Predict the output of C program.
- Identify use of various data types and constructs as per information available.

Providers:
1. Manisha Patil
2. Dr. Richa Purohit
3. Savita Vivek Mohurle

Learn 'C' With Fun

Course Syllabus

1. **Introduction   [2 hrs]**
   - Introduction to C
   - History
   - Structure of a C program
   - Application Areas
   - C Program development life cycle
   - Sample programs

2. **C Tokens [2 hrs]**
   - Keywords
   - Identifiers
   - Variables
   - Constants – character, integer, float, string, escape sequences
   - Data types – built-in and user defined
   - Operators and Expressions Operator types
   - Simple programs using printf and scanf

3. **Control Structures [8 hrs]**
   - Decision making structures If, if-else, switch
   - Loop Control structures While, do-while, for
   - Nested structures
   - break and continue

4. **Arrays [7 hrs]**
   - Array declaration, initialization
   - Types – one, two and multidimensional

5. **Functions   [6 hrs]**
   - What is a function
   - Advantages of Functions
   - Standard library functions
   - User defined functions :Declaration, definition, function call, parameter passing (by value), return keyword

6. **Structures [5 hrs]**
   - Creating structures
   - Accessing structure members (dot Operator)
   - Structure initialization
   - Array of structures

Evaluation: Final assessment will be based on practical examination of 50 marks.

Subject: Sanction the amount for Certificate printing for the course "Learning C with fun".

Respected Sir,

The **Computer Science department** of our college had organized certificate course **"Learning C with fun"** from **18/12/2018 to 23/01/2019** . The 17 students are enrolled for course. The course fees for the same is Rs. 200/- per student. The total fees collected is Rs. 3400/- in the Account Department.

Following expenditure is incurred for the certificate course:

REPORT
ON
Certificate Course
("Programming in 'C': Learn with Fun")

The Computer Science Department has conducted a certificate course on **"Learning 'C' with Fun"** for F.Y.B.Sc.(Regular) **to** horn technical programming skill in "C Programming" from dated: **18/12/2018 to 23/01/2019** for duration of 15 days (2 hours per day). The initiative behind conducting this course was to provide hands on training on C language, with fun based interactive exercises and evaluation techniques. Also, to make student aware about the programming language and become more proficient in use so, that they can confidently appear for the placement in companies. The objective behind conducting the program is to:

- Learn essentials of Programming Language.
- Develop skills for writing programs using 'C' and problem solving abilities using a computer.
- Understand issues related to compilation and execution of programs.
- Horn over all technical skill in students.
- Build-up a successful career in Computer Science.

Following faculty members participated in the content delivery of course:

1. Savita Mohurle
2. Kirti Daradi
3. Manisha Patil
4. Richa Purohit

Two activities were conducted – one quiz in mid of course and a test at the end of the program to test the gained knowledge about programming languages. Three students won prizes after successful completion of test. Total 12 students participated in program. Certificates were distributed at the end of completion of the course.
