Report of Seminar on “Ten Things that will make you a Successful Entrepreneur”

Date: 10/08/2017

A Seminar of Mr. Keerthi Kadam, Ex – President, CEO, 100rupees.com was conducted on 5th August, 2017. The topic of Seminar was “Ten Things that will make you a Successful Entrepreneur”. The Department celebrated the decade by inaugurating various professional clubs of specialization subjects - HR Management Club, Finance Management Club & Marketing Management Club on the occasion.

The Seminar focused on the following “Success Mantras” in his session:

1. "Do. Or do not. There is no try." – This quote explains that there are some people who are quite often found saying “I will try”, but the fact is such people do not try to overcome barriers & couldn't reach the desired goal. So, for an entrepreneur it has to be a perfect determination & planned activity.
2. “To any entrepreneur: if you want to do it, do it now. If you don't, you're going to regret it.” & “The best time to plant a tree was 20 years ago. The second best time is now.” - Chinese proverb. - The best time to go for an exploration of idea is now, not some other time. Many successful entrepreneurs have started the business in the very moment they struck with the idea.
3. “It's not about ideas. It's about making ideas happen.” – Most of the people have many ideas but lack the initiative for actualization of the idea. These people must discuss their ideas with experts or successful entrepreneurs & start with one idea / plan at a time, instead of getting diverted by multiple plans.
4. “I've missed more than 9,000 shots in my career. I've lost almost 300 games. 26 times I've been trusted to take the game's winning shot and missed. I've failed over and over and over again in my life and that's why I succeed.” - Michael Jordan, NBA Hall of Fame – All young entrepreneurs must take failures in their stride. All youngsters should learn from failures & barriers.
5. “There's nothing wrong with staying small. You can do big things with a small team.” – Any successful business is credited to the team but the size doesn't matters, until determination matches.

6. "If you just work on stuff that you like and you're passionate about, you don't have to have a master plan with how things will play out." - Mark Zuckerberg, founder of Facebook. – Young entrepreneurs must follow their passion & success will fall on the right place.

7. Innovation distinguishes between a leader and a follower – Steve Jobs – The best way to have a successful business is to lead from the front & take the responsibilities of all the good & worst of the business.

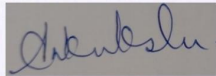

8. The only way to do great work is to love what you do. If you haven't found it keep looking. Don't settle. – Steve Jobs.

9. Learn how to self promote. Spend time learning how to share your vision without coming across as "Salesy"

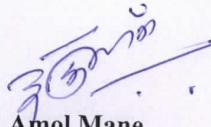

10. A smart man makes a mistake, learns from it & never makes that mistake again. But a wise man finds a smart man & learns from him how to avoid the mistake altogether. – Roy Williams

Outcome of the Seminar:

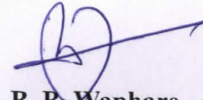

1. Student's awareness on the ways to go ahead with the business plan.
2. Student's interest in joining professional entrepreneurs club.
3. Any person can get started with business activity with passion.
