A Report on Industry Visit to TATA Motors Ltd, Pune

Our college had organized industrial visit for SY BBA & SY BBM-IB students to **TATA MOTORS LTD** in order to give more business exposure to students about the workings of **Manufacturing of cars, Indica, Safari, Tempo, Trucks** etc at Pimpri, Pune on 11/02/2016.

At the very beginning of our visit we met Mr. Ram sir at the Guest hall of the Company, who is the Administrative head of Pune Plant. He showed us an audio-video film of 20 min which provided us the information on Company history, progress of the company, Details about various Tata Motors products & Processes. The entire session was a great experience for the students where he answered all the queries put up by the students as well as faculty members to their full satisfaction

Then had visited manufacturing lab, Anechoic Chamber, Environment lab, Crash Test lab, Testing Track, Assembly Line lab where We watched the complete LIVE process of how a car and truck are built right from the various shops it goes under the assembly line, looking at Approx 400 robots doing automated tasks with utmost precision, and on the other side precision followed in processes which were supposed to be done manually and looking at the staff and their expertise – it was just inspiring. The manufacturing process here is based on TQM quality philosophy. I should specially mention this – high respect to the employee who

Then we were visited to the TATA Lake View guest house which was out of the plant premises on the other side of the road. TATA Lake View Guest House was a sight in it-self, spread across a massive area surrounded by hundreds of trees and greenery with a lake inside.

Respected Sir,

MIT ACS College, Alandi is one of the leading institutes in Pune providing professional & value based education to students. We offer UG & PG courses.

As per the rules of Savitribai Phule Pune University students of SY BBA and SY BBM (IB) have industry exposure subject in their curriculum. The requirement of subject is to visit the industries and to get the practical knowledge about the organisation.

It will be a great opportunity for our students to get exposure about marketing strategy, production standards, supply chain logistics, HR functions, financial strategy or any new product development. The strength of the class is 45. Kindly permit us to visit your organization

Please let us know as early as possible about the availability, so that we can make necessary arrangements.

Thanking You,

Prof. Sharad Kadam
