A Report on Industrial Visit to BABAJ Auto Ltd, Chakan, Maharashtra.

Date: 28/02/2015

BABAJ AUTO LTD, Chakan, Tal: Khed, Dist: Pune.

Our college had organized industrial visit for SY BBA & SY BBM-IB students to BABAJ AUTO LTD 27/02/2016. Located in industrial sector of Chakan 30 kms from Pune, Maharashtra.

We had learned a lot of things related to our specification subjects such as international business, finance, marketing and human resources.

We started travelling from the college campus at 11.00 am via our college bus on 27<sup>th</sup> Feb 2016 along with our co-ordinators faculties, Prof. Akanksha Landage was the co-ordinators for this industrial visit. We reached to the Bajaj Industries premises at Chakan around 12:00 Pm.

At the very beginning of our visit we met Mr. Sarfraz Khan at the Premises of the Company, who is Manager at Chakan plant, who provided us the information on Company history, progress of the company, Details about various Bajaj vehicles & Processes.

Bajaj has 3 major locations in Maharashtra. Waluj, Aurangabad, Chakan which only manufactures Platina, Discover range of Scooters, Bikes, Auto Rikshows, 3 wheelers, etc which is like their corporate office and R&D Center, Chakan, Pune, the plant which produces or assembles Duke, Pulsar, Avenger, etc. and will also produce the RC series of bikes, and this is the one we visited. Chakan plant is strategically located there, as most suppliers of Bajaj are within 10 kms radius, like Minda, Makino, Badve, etc. The Chakan plant is a lush green campus spread over a 190 acre area, out of which only 40 acres have been used till now.

overhead tunnel to the right side, where frame and all other components are assembled. Here, the arriving engine is fitted into the frame in just 20 seconds, with the help of man and machine both. The shop floor engineer manually guides the crane-hanging engine into the frame, and then dismounts the engine from the crane, and then fastens the engine to the frame. The method of production. production followed Assembly line After that, when all the components are assembled, the bike is fed with a little amount of fuel, and tested on the dyno, and moved further where they are packed with polythene, and sent to trucks in the Garden, there are some certain bushes fine-cut in a way that they conveyed "Hamara Bajaj" which is the age old tagline of Bajaj Auto.

#### Outcome of the visit:

Students got practical exposure to various subjects like International Business, Financial Management, Marketing Management, Human Resources Management, Supply Chain and Logistics Management etc. They learned practically the manufacturing of various components and assembly of those components. The visit was fruitful for the students.

Faculty present: Prof. Akanksha Landge

Prof. Sharad Kadam

Ass Professor

Subject: Industrial Visit

Respected Sir,

MIT ACS College, Alandi is one of the leading institutes in Pune providing professional & value based education to students. We offer UG & PG courses.

As per the rules of Savitribai Phule Pune University students of SY

gBA and SY BBM (IB) have industry exposure subject in their curriculum. The requirement of subject is to visit the industries and to get the practical knowledge about the organisation.

It will be a great opportunity for our students to get exposure about marketing strategy, production standards, supply chain logistics, HR functions, financial strategy or any new product development. The strength of the class is 45. Kindly permit us to visit your organization

Please let us know as early as possible about the availability, so that we can make necessary arrangements.

Thanking You,

Prof. Sharad Kadam

Asst. Professor,

Dept of BBA & BBM-IB, MIT, ACSC, Alandi (D), Pune. E-mail: sskadam@mitacsc.ac.in Contact No: 90 11 91 34 34
