

Department of Electronics Science organized

3 Days Intercollegiate Training Workshop on ‘PCB Designing and Electronics Project Development’

A ‘3 Days Intercollegiate Training Workshop on PCB Designing and Electronics Project Development’ has been organized by **Department of Electronics** dated on 02/01/2020 to 04/01/2020 at MIT Arts, Commerce and Science College, Alandi. The Workshop was organized by Department of Electronics to give hands on experience to students regarding PCB designing and electronic circuit development, as well as to develop research culture among the students.

Total 30 students participated in this workshop, 28 students are from different courses of MIT ACSC where as 2 students from PVP College of Arts Commerce and Science, Pravaranagar registered for this workshop. The workshop was conducted in 3 Days. The workshop was started at 9:30AM on 02/01/2020 with inauguration ceremony and the event was inaugurated by the Principal of MIT ACSC **Dr. B.B.Waphare** in Presence of HOD’s of Different Departments and HOD of Electronics Dept. Prof. Sunil Mahajan, Facultyes of different courses were also present. The Inauguration ceremony was followed by allotment of projects to the students. Total 5 projects were allotted in 30 students. Five groups of students were formed having one dedicated instructor to each group. Faculty members of Electronics Department worked as an Instructor.

Valedictory function was conducted in presence of Hon. Principal of MIT ACSC Dr. B.B.Waphare, HOD of Electronics Dept. Prof. Sunil Mahajan, HOD of Comp. science Department Prof. Rashmi Lad and HOD of Statistics Department Prof. Shriram Kargaonkar. Finally the efforts taken by students were appreciated by giving certificates to all the participants by with the hands of Principal Dr. B.B.Waphare, MITACSC, Alandi. The workshop was co-ordinated by **Prof. Ranvir Ghate** & Conducted under the guidance of HOD of Electronics Department **Prof. Sunil Mahajan**.
