NATIONAL STUDY TOUR: International Trade Fair , Jaipur Rajasthan

MIT Arts, Commerce & Science College, Alandi Pune , Department of Arts and Commerce organized a MAJMC Students Study Tour to International Trade Fair Jaipur, Rajasthan from 22nd to 28th February 2023 under the able guidance of Principal Dr.B.B.Waphare. The objective behind organizing this tour was to provide the practical exposure to the MA Journalism and Mass Communication students.

Education tour is nothing but the planned combination of tours, site visits with the target of global learning which can enhance the knowledge of students and can help them to see the clear picture of the theoretical things they have learnt so far. MIT ACSC plans education tours to different places in India so that students can learn different work strategies at different places.

The number of students and teachers who attended the tour and other details are as follows:

Date of Tour– 22nd to 28th Feb 2023

Days-05

Students – (Atharav Gijare, Kanika Pandey , Muskan Sharma , Mansi Kale)

Teacher- Ms Pallavi Bongane (Faculty MAJMC)

Overview of MAJMC National Study Tour

22nd February –We travelled by train Pune to Jaipur

Day 1

23 February- We reached at Jaipur city. Checked into the hotel booked.

Visited the Exhibition Place which was at Birla Auditorium, Jaipur. This place had the exhibition centre which was hosting the exhibition.

Day 2 and 3

24th & 25th February- Visited the Aspiration festival which hosted the exhibition for all types of Garments that came all across the globe. We conducted various talk sessions with the vendors and the stylists. As the name of the Exhibition was **Aspiration**. It was really a dream come true for all the stylists and Fashion Designers to get at a high level of Product Designs and Quality.

Day 4

26th February- Visited the **Spring Festival** at the same place. This festival also hosted all kinds of art that are there in India especially in Rajasthan as they were hosting it. We got to know a lot of things about the Rajasthani Culture and appearance of them.

The arts included all the various Dance forms, Musical Art Forms as well as the proper Rajasthani culture that the people follow. We also got to know about the various Kings that ruled the city of Rajasthan. "Maharaja Sawai Jai Singh II" established the city of Jaipur also known as the "Pink City of India". We also came to know about their next generations. The current "Prince" of Jaipur city is "Padmanabh Singh" who is just of 21 years.

Hence we also came to know about one of the great warriors "Maharana Pratap" there. His statue was also kept for the tourist to see.

Day 5

27th February- We went on for the sightseeing of Jaipur city. This included the "Hawa Mahal", "Nargarh Fort", "Amer Fort", "Jal Mahal", etc. This was within the Jaipur City, which talked a lot about the history of Jaipur City and the rulers of Jaipur City. They have forts and structures which have history from approximately 200 to 300 Years. And yet the Forts and Structures stand still having their dignity and history. Now, the forts have also been destroyed or didn't take proper care of. Because we saw that the walls of the Forts were painted by names of couples who stay nearby.

We also saw "The Albert Hall Museum" which was built during the British ruling era. They included the various kinds of Scriptures and Sculptures all around the globe.

28th February- all the participants have started their return journey and reached Pune the day after that.

Highlights:

FY MAJMC Student Mansi Kale took the Interview of Renowned International Sand Artist Mr Ajay Rawat (President Awardee Indian Sand Artist)

Benefits of Educational Tour-

As far as the benefits of this tour are concerned, during such tours, students can actually see and enrich their knowledge of places and people they've learned about in the classroom. They can gain a deeper understanding of real life situations and trends than a book can ever convey. Along with professional skill development, students can get the chance to try out the languages they've studied with native speakers. They can build independence and confidence as they explore new places and local customs. Perhaps most important of all, students gain new insights into their own culture, and a more global perspective.
