

Report on Guest Lecture on “Critical Thinking”

Date: 12/12/2022

A Guest lecture on the topic “Critical Thinking” was organized by the department of BBA & BBA IB on 12th November 2022 with the speaker Dr. Swagata Ghosh, Assistant Professor, Department of Applied Science, Symbiosis Institute of Technology, Pune.

The lecture gave exposure to the students about how the process of conscious thinking begins and how it can be made useful by giving it a direction in the form of critical thinking. A one hour guest lecture established a curiosity in the minds of participants making an influence.

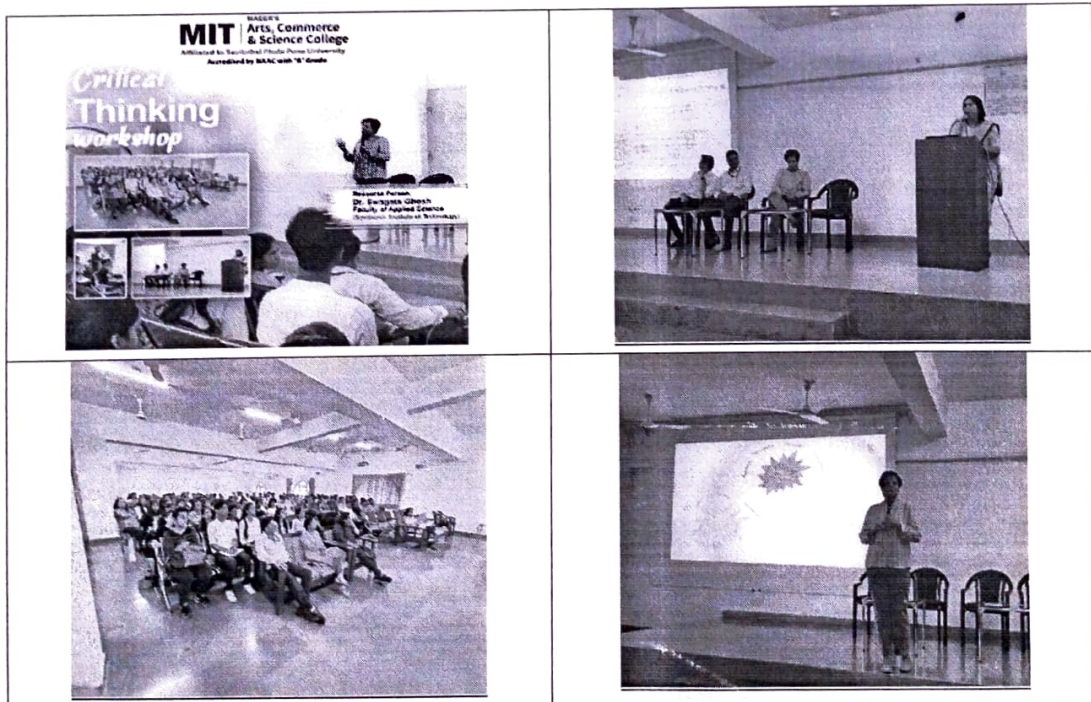

Department of BBA & BBA IB Organized a guest lecture on “Critical Thinking” on Saturday, 12th of November 2022 from 10.30 a.m. to 11.30 a.m. The Resource person for the guest lecture was Dr. Swagata Ghosh, Assistant Professor, Department of Applied Science, Symbiosis Institute of Technology, Pune. Dr. Swagata Ghosh is a soft skill and language trainer having an industry as well as academic experience of more than 18 years.

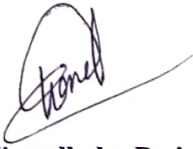

The session started with a welcome note by a second year BBA IB student Sania Inamdar followed by the introduction of the guest by another second year BBA IB student Akash Jangid. The guest was felicitated by the Vice Principal Dr. Manasi Atitkar in the presence of various faculty members. The guest lecture started with an introduction to the KWL Chart then the ability of thinking and continued with the several aspects of critical thinking. It was followed by a Question and Answer Session where the guest answered all the questions of the participants. Towards the end, the Vice Principal Dr. Manasi Atitkar gave her Remark on the session and it ended with a vote of thanks by a second year BBA IB student Samruddhi Ingale.

Outcome of the event:

1. Development of a critical approach to a given scenario while understanding and analyzing it.
2. Development of an approach to take initiative by developing an attitude of thinking
3. Thinking leads to self-awareness and self-awareness is the key to the development of analytical approach.
4. Thinking is a process and it starts sub-consciously without being aware of it but critical thinking adds the awareness.
5. Considering different perspectives for the same event avoids many misunderstandings automatically resolving issues.
6. How to develop the attitude of conscious thinking?
7. How to think critically and make the maximum benefit of thinking critically.
