Department of Computer Application

Academic Year 2022-23

Report on Industrial Visit to ExcelR

Objective:

The main goal for conducting industrial visit is

1. To provide the students with an opportunity to learn practically through interaction, working methods and employment practices.
2. To give the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.
3. To bridge the gap between classroom teaching and practical working environment.

Activity Details:

An Industrial visit to ExcelR, Baner Pune was organized by Computer Application Department on 28th April 2023.

The total strength of the participating students was 50 of SYBBA(CA) Division B and SYBCA(Science) accompanied by two teaching faculty members of Computer Application Department. Students left college premises at 9.00 am and arrived back at 3.30 pm.

After the warm welcome done by Mr. Dhyanesh Khot(Business Development Manager), the students were told to sit in company conference room. There Mrs. Snehal Shinde(Trainer)started the first session, explaining in detail about Data Science – its importance and how Data Science is very important now a days along with the career opportunities available in Data Science.

Ms. AboliVarpe (Manager) started the second session by sharing her experience in ExcelR with students and guide for the other trends.

Mr. Dhyanesh Khot (Business Development Manager) started the third session by giving students the tips of cracking an interview that contains interview skills and few important key points to improve the professional personality with much more. He guides students about the followings:

1. How to make an impressive resume/c.v.?
2. Things to be added or eliminated in one's resume.
3. Dos & Don'ts in an interview.
4. How to project oneself before the interviewer?
5. Discussion on frequently asked questions in the interview.

This industrial visit was very informative, interesting and successful that added a lot of corporate and interview knowledge for our students.

Outcome:

1. Enhance students interpersonal, communication skills, and teamwork abilities.
2. Students are able to understand the functioning of the industry
3. Helps students to understand the dos and don'ts of the industrial practice

Total Participants : 50 Male Participants : 26 Female Participants : 24

Students ready for Industrial Visit
