Creative - Skillful Hands Club Activity Report 2024

OBJECTIVE OF THE EVENT

The roots of India lie in its culture and it's significance and as an institution, one should always water those roots to see them prospering. The Competitions like Kite Making, Jewelry Making and Poster Presentation give students a stage to come together and represent their skills and showcase their talent. Encourages participants to develop hands-on skills in crafting and designing, fostering creativity and innovation. Promotes fine motor skills, attention to detail, and craftsmanship, leading to the development of artistic and technical abilities. Allows for the exploration and appreciation of diverse artistic and intellectual perspectives.

DESCRIPTION OF THE EVENT

The Creative- Skilful Hands club of Department of Computer Application of MAEERS MIT ACSC, Alandi had organized competitions like “**Kite Making, Poster Making and Jewellery Making**” on the occasion of Makar Sankranti and National Youth Day on Saturday, 13th January 2024. Total **42 students** were participated in the Competition.

Competition was held and students passionately started making posters, Jewellery and Kite. The competition was held for the duration of 2.5 hours. After completion of competition an exhibition was held. In the exhibition the students explained about what they had made and also explained the motto behind making that particular poster. Students designed different types of kites and Jewellery. The Judges for the competitions were Mr. Rahul Barate and Ms. Nikita Deore .

Total 42 students from various departments BBA(CA), BBA, BBA-IB, Bsc(IT) participated in the Competition. Participants received their certificates and winners got trophies by judges of the Competitions.

OUTCOME OF THE EVENT

Outcome of this activity foster a sense of community and camaraderie among participants who share similar interests. Participants can showcase their talents to a broader audience, promoting appreciation for diverse skills and creativity. The event contributed to the development of skills related to jewellery making, including design, craftsmanship, and attention to detail. Participants got hands-on experience in crafting kites, which involves understanding materials, shapes, and aerodynamics.
